Hi Sonja,

[REDACTED] is a co-defendant, so it would be the same drug number. She actually pled out on Friday. Yes, I am handling the case. Thanks for being on call. Hopefully I can get a plea on this. We will call you in the morning on 9/22 and let you know what is happening.

Hi Stacey-

I also received a summons for [REDACTED] for Sept. 22 - am I correct to assume that the drug number is the same as for [REDACTED] and that you are the ADA that is handling the case? On call would be fine. You can try to reach me at the lab (413-545-2607) or on my cell [REDACTED]. Thanks.

Sonja,

I received the discovery packet. Thank you! If you can be on all for my case that would be great. It is a straight possession, so I'm hoping it can be resolved without a trial. If you want to be on call, please leave me a number we can reach you at, or you can call us to see if we'll need you.

Thank you!
Stacey

Stacey-

Sorry I didn't get back to you sooner, but it has been a little hectic around here since we were put on alert that the Amherst Drug Lab may be closing due to budgetary disagreements. Anyways, I've almost finished the discovery packet and will get it in the mail tomorrow morning (we don't have a reliable scanner, and our instrumental data is not in pdf form. As for September 22nd, I also have a case scheduled in Springfield that day. It is still early, so things may change (and I will tell you if they do), but I wanted to give you a heads up just in case. Even if both cases are scheduled to proceed, it may be possible for me to testify in one case as early as possible in the morning, and then shoot over to the other courthouse to testify there. Hope this helps.

I am an ADA at the Wareham District Court. I am prosecuting the above-referenced defendant for Possession of a Class A Substance. I was wondering if I could get a copy of your lab notes to provide to defense counsel for trial. The drug certificate number is [REDACTED]. The case is scheduled for trial on September 22, 2011, and you should be receiving a summons shortly.

If you have any questions please feel free to contact me.

Thank you,
